PROFESSIONAL SUMMARY

Mechanical Design Engineer with 4+ years of experience in CAD-based product design, fixture and gauge development, and quality engineering in automotive Tier 1 manufacturing. Proficient in CATIA V5, SolidWorks, and AutoCAD for 3D modeling and 2D drawing creation. Hands-on expertise in GD&T, PPAP, Control Plans, 5S, and Kaizen.

CAD SOFTWARE PROFICIENCY

CATIA V5 Advanced	SolidWorks Advanced	AutoCAD Proficient	MS Office Proficient
-----------------------------	-------------------------------	------------------------------	--------------------------------

CORE COMPETENCIES

• GD&T (Geometric Dimensioning & Tolerancing)	• PPAP & Control Plan Documentation	• 3D Modeling & 2D Drawing / BOM Creation
• Welding Fixture & Checking Gauge Design	• CMM, Vernier, Micrometer, Height Gauge	• 5S, Kaizen & Process Improvement
• New Tooling Development	• Root Cause Analysis	• Cross-functional Team Collaboration

CERTIFICATIONS & TRAINING

CATIA V5 Course Completion Certificate

RVM CAD Institute (Faridabad)

Completed comprehensive CATIA V5 training covering Part Design, Assembly Design, Drafting, and Generative Shape Design (GSD), Generative Sheetmetal Design.

- SolidWorks – Professional-level 3D CAD modeling and simulation
- AutoCAD – 2D drafting, technical drawing, and annotation
- Microsoft Office (Word, Excel, PowerPoint)

WORK EXPERIENCE

Design Engineer | Usaka Engineers

March 2025 – Present

- Develop 3D CAD models and 2D drawings using SolidWorks, AutoCAD, and CATIA V5 per client specifications.
- Design welding fixtures and checking gauges compliant with component drawings and GD&T standards.
- Coordinate with tool room during fixture and gauge manufacturing and try-out phases.
- Implement design changes to resolve production and inspection issues.
- Maintain organized design files, revision history, and BOMs for full project traceability.

Design Engineer | Jayem Auto Industries Pvt. Ltd.

July 2022 – March 2025

- Designed pipeline and hose assembly components using Solidworks and AutoCAD, ensuring GD&T-compliant accuracy.
- Led new tooling development from concept to production; coordinated across design, quality, and manufacturing.
- Created and updated 2D drawings and BOMs for new and revised product variants.
- Drove 5S, Kaizen, and quality improvement initiatives on the shop floor.
- Collaborated with cross-functional teams for design feasibility review and approval.

Design Engineer Trainee (DET) | Tenneco Automotive India Pvt. Ltd.

July 2021 – July 2022

- Gained experience at a U.S.-based Tier 1 automotive supplier (Clean Air, Powertrain, DRIV divisions).
- Vernier calipers, micrometers, and height gauges for dimensional inspection..
- Applied root cause analysis to reduce in-house failures and improve vehicle throughput.

EDUCATION

2020	Diploma in Mechanical Engineering (CAD) Little Flower Polytechnic, Gorakhpur, U.P.	66.6%
2016	Class XII (Intermediate) M.P. Inter College, Gorakhpur, U.P.	62.2%
2014	Class X (High School) R.A.K. Inter College, Gorakhpur, U.P.	78.5%

PERSONAL DETAILS

Date of Birth: 13 August 1998 **Languages:** English, Hindi **Marital Status:** Unmarried
